ABOUT ME

I am a Bachelor of Computing student at Belgium Campus. I am fluent in Afrikaans and English. I'm passionate about building smart, scalable software solutions and exploring the intersection of technology and innovation. With a strong foundation in both frontend and backend development, I enjoy working on diverse projects—from web apps to intelligent drone systems. I would appreciate a quiet setting for the interview stage to help me perform at my best.

EDUCATION

National Senior Certificate
Wonderboom High school

Jan 2018 - Nov 2022

Bachelor of Computing
Belgium Campus

Jan 2023 - Present
